

# Entanglement in Quantum Fields

## Monday, 28 June 2021

### Monday Afternoon (14:00 - 17:30)

time	[id] title	presenter
14:00	[152] Lecture: Entanglement beyond qubits	HUBER, Marcus
15:30	Coffee break	
16:00	[153] The Entanglement-Correlation Connection: Entropic workarounds to cutting-edge quantum characterization	SCHNEELOCH, James
16:30	[154] Lower bounding entanglement in quantum many-body systems using entropic uncertainty relations	BERGH, Bjarne
17:00	[155] Tomography and non-equilibrium dynamics in a continuous field quantum simulator	GLUZA, Marek
