

Quantum Systems in Extreme Conditions

Tuesday, 24 September 2019

Tuesday Afternoon (14:30 - 18:00)

time	[id] title	presenter
14:30	[17] KEYNOTE TALK Quantum Simulation of Hawking-Unruh radiations with ultracold atoms	CHIN, Cheng
15:30	[18] Unitary fermions with finite spin-asymmetry	RAMMELMÜLLER, Lukas
16:30	[19] Extreme QCD matter: fluid description versus experimental data	Dr SELYUZHENKOV, Ilya
17:00	[20] Fragmentation of heavy quarks within a dense medium	KOPELIOVICH, Boris
17:30	[21] Towards in-medium heavy quarkonium dynamics from first principles	ROTHKOPF, Alexander
