

# Quantum Systems in Extreme Conditions

## Thursday, 26 September 2019

### Thursday Afternoon (14:30 - 18:00)

time	[id] title	presenter
14:30	[33] KEYNOTE TALK Ultra-relativistic heavy-ion collisions as a laboratory for QCD matter	KALWEIT, Alexander
15:30	[34] Recent net-particle fluctuation results from ALICE at the LHC	Mr ARSLANDOK, Mesut
16:30	[35] Observation of glassy dynamics in a disordered quantum spin system	Dr ZÜRN, Gerhard
17:00	[36] Using time-time correlations to detect entanglement and spreading of quantum information	GÄRTTNER, Martin
17:30	[37] Ab initio few-mode theory for open quantum systems	LENTRODT, Dominik
